Subject: Request for Access VI Sampling - First Presbyterian Church

US EPA RECORDS CENTER REGION 5

489109

Stu,

OEPA wants to do VI sampling at the First Presbyterian church. Back in November, the church attorney said they'd give us access. I've left voicemails but the attorney will not return my calls. Could you call the attorney again confirming that they would give us access? We can fax him a Consent Form. Thanks, Shari

Subject: VI sampling church

Maddie,

Good news, we got the church to give us access to do VI sampling. Could OEPA do the sampling? Or possibly the Ohio Dept of Health? If we did it, I would have to amend the SulTRAC contract because the RI is completed and request additional funding, which I'm not sure I'd get at this point.

Let me know. Shari
